1. Roblox concerns

(title is a clickable link) In April 2025, Revealing Reality carried out an investigation into Roblox due to serious concerns of what children were experiencing in the game. This follow up investigation revealed positive changes but concerns still remain,

2. Wake up Wednesday guide for 'conspiracy theories' (attached)

This guide unpacks the risks, including isolation, anxiety, and exposure to extremist content, that can arise when conspiracies go unchecked.

3. Misleading age ratings

(title is a clickable link) Age ratings within stores can be misleading and often don't reflect the actual age requirements of the app or game. For example in the Google Play store WhatsApp is rated as PEGI 3. This press release explains these issues in more detail and suggests how parents should check age ratings carefully.
